Please Note: there are many reasons why a proposal may be rejected, some of which may arise due to personal or confidential information received by the Panel (for example, objections by close living relatives or the owners of the relevant property). It will therefore be the policy of the panel not to discuss or publicise the reason a plaque proposal has been turned down.

If your nominee is selected you may be asked to assist further with the project to research and produce the plaque. The Panel will otherwise not enter into any correspondence over persons rejected or nominated.
