The Frossard Lecture Theatre

The maximum number of people is an audience of 66 in the fixed seating plus 2 wheelchairs in the allocated spaces (one either end of the front row). There are also 2 additional fixed seats for stewards at the rear of the room. There is a built-in projector & screen, amplified sound and Blu-Ray player. A table can also be provided for use outside the theatre at no extra charge.

The Film

It is the responsibility of the client to provide an official copy of the DVD/Blu-Ray disc to be shown and to ensure it is suitable viewing for the age of their guests. Staff will be onsite throughout the event and will set up the film for you.

For a closed, invited-guest screening, such as a birthday party, there will be no additional film licensing costs. However, if you plan on advertising a film screening to the public or charging for tickets then separate film licensing will also be required in addition to the package cost.

Food & Drink

Food and drink inside the theatre can be provided by the client but is limited to cold snack foods and drinks. Due to the sensitive nature of our fire safety system, no birthday candles can be used inside the building.

Strictly no outside caterers are to be used and if catering is required, our contracted concessionaire is Sueco. They can be contacted on tel: 01481 247736 or email: team@sueco.gg for a separate quotation if needed.

Access

The theatre can be accessed directly using the Societe door next to it (only during normal museum open hours can the main entrance be used) and admission into the Museum is not included in the price. However, the museum toilets will be available to use for the duration of your event.

The building has step-free access with fully accessible facilities. The first row of seating is at ground level and the other rows are each a shallow step up.
